## 2018...Preparing for Change

Monday 11th, Tuesday 12th & Wednesday 13th June

The burial and cremation sectors are embarking upon a period of unprecedented change. New cremation documentation introduced from April 2018, the burial and cremation legal framework under review by the Law Commission, the Medical Examiners Service to go live in April 2019, Defra Process Guidance Notes for Cremation are due to be reviewed and the first wave of abated cremators are now coming up for replacement.

CBCE 2018 will focus on what is happening within the sector and equipping delegates with an invaluable insight in to what the changes are likely to mean for their services, enabling better planning for the continuing delivery of excellent services.

As the bereavement sector continues to grow this key annual event provides a unique opportunity to acquire the most up-to-date and relevant information. Keynote speakers will equip you with insights into the issues facing your services, exhibitors will show you the latest services and products available and networking opportunities will provide the space to engage with fellow professionals.
