- *Book now at <http://cbce.org.uk/2020/exhibition>*

## Why should you attend?

We are aware that the burial and cremation sectors are facing unprecedented change in the way that services to the bereaved are delivered. The recent consultation by the CMA, the rise of direct cremation, the need to meet the ever-increasing ecological pressures and the lack of burial space all impact on the day-to-day service that we provide. With shrinking budgets and evermore demanding targets, the running of our crematoria and cemeteries is becoming more challenging.

CBCE 2020 provides the ideal opportunity to, not only look at what is happening within the sector now, but to help delegates shape the future. There are many changes taking place within the bereavement service and CBCE will enable better planning for the continuing delivery of excellence.

As the bereavement sector continues to grow, this key annual event provides a unique opportunity to acquire the most up-to-date and relevant information. Keynote speakers will equip you with insights into the issues facing services, exhibitors will show you the latest services and products available and networking opportunities will provide the space to engage with fellow professionals.

CBCE 2020 offers all attendees evidence of Continuous Professional Development, with certificates from the CPD Certification Service awarded to all attendees.

## Who should attend?

- Managers and staff of local authority cemeteries and crematoria
- Owners and operators of private sector cemeteries and crematoria
- Funeral directors, bereavement related charities and representatives from other kindred organisations wishing to have a better understanding of the services provided at cemeteries and crematoria
